High Interest In Special Town Meeting

Plenty of enthusiasm marked the opening days of football practice at Punchard, as the team began to get in shape for its first game. The schedule calls for Punchard to meet Danvers,

at that town, Oct. 1. The game may yet be played, despite Danvers' late opening of schools due to the polio epidemic.

Zooming Taxes Predicted

By DAVID E. YOUNG

What will an additional \$305,000 for drainage projects mean to the taxpayers?

That is the paramount question this week, as voters prepare to go to the special town meeting next Monday night to vote on the board of public works request.

And how will this additional appropriation, if bonded, add to the tax bills already anticipated as a result of other bond issues voted last spring?

In an attempt to answer these questions, Town Treasurer Thaxter Eaton was asked to estimate the drainage project cost, alone.

Drainage Costs

He based his estimate on a voted bond issue of \$145,000 at the town meetings last spring and the total amount requested Monday night - both to be bonded over a 10 year period at approximately two percent interest. And his

Permits Issued For New Homes Worth \$417,000

New building permits issued by Building Inspector Ralph W. Coleman during August were estimated at \$442,900.

Of that amount, \$417,000 was for new houses alone. Some \$25,900 was estimated for other types of new building and an estimate of \$19,100 was placed on alterations and additions for which permits were granted.

requested \$305,162 for drainage problems.

The committee will meet, probably for a few minutes with the board of public works and then go into executive session.

Secretary Harold Rutter Jr. said the committee "has a few more questions to ask Mr. White" before making up its mind.

The Big Question

Meanwhile, the question of a quorum occupies the attention of most town officials.

Three hundred and fifty voters must indicate their presence at the special town meeting Monday night before any action can be taken.

O'MALLEY SEES RT. 28 LOSS AS SET-BACK HERE

"The failure to get Route 28 set back over-all industrial promotion from 2-5 years".

Thus spoke John O'Malley, industrial development official for the city of Lawrence, at a planning board meeting here Monday night.

"It's a set-back for Andover, as I see it", he declared, but said the town should continue with plans to develop industrially, despite at least temporary loss of the new highway.

ZOOMING TAXES

PREDICTED FOR 1957

(Continued from Page One)

answer was:

\$1.20 in 1956.

\$2.20 in 1957.

That means taxpayers will add \$2.20 per thousand to their tax bills in the year 1957 for this project alone, based on current property valuation figures.

But that isn't all.

1957 Rate

The cost of other bond issues - the new high school at \$1,750,000 and West school at \$100,000 - will drive the 1957 tax rate up another \$6.50 or more.

Boy, was it good! Members of the McAnern family, 145 Hidden rd., are full of good fish, after downing this four-pound, large-mouth bass caught by Richard, left. The fish was taken in Haggett's pond Sept. 1 about 8 p.m. With his brother at the time was David McAnern. Last week, Dick went fishing down in Maine and came home with a fine mess of pickerel, with one measuring 24 inches. He is a student at Tilton academy, Tilton, N.H. and is the son of Mr. and Mrs. Robert G. McAnern.

(Look Photo)

Thus, we face a total increase in the tax rate of nearly \$9 in 1957.

1956 Tax Rate

In 1956, the tax jump will be considerably less than the big 1957 boost.

Based on available estimates, the 1956 tax rate should increase by \$1.93 or slightly better. That figure includes about \$1.73 for the high and West schools and some \$.20 on the drainage project. The estimates in terms of the tax rate for the high school and West school bond issues come from figures prepared earlier this summer by the town treasurer.

May Be Low

At that time, he figured on two-percent bonds for the high school and only 1.5 percent bonds on the

West school. However, in light of present-day conditions, he now believes that the interest rate will not be under two percent.

Thus, the figures presented here are on the low side.

In his estimate this week of drainage bond issue costs, Mr. Eaton listed a payment in 1956 of \$4500 interest on a total bond issue of \$450,000 (the current request plus the vote of town meeting last spring). That amount, he stated, will represent \$.20 on the tax rate.

Thus we can arrive at an approximate figure of \$22,500 in expenditures equalling \$1 on the tax rate.

That is the figure used here to estimate the increase over the next two years.

School Costs

Earlier, when estimating the costs of the other two major bond issues, Mr. Eaton listed the West school as costing \$1500 interest and \$20,000 principal during 1956.

He said the high school will cost \$17,500 in 1956 - interest for six months only.

Thus, taxpayers will pay \$43,500 in 1956 for the three bond issues. That is \$1.93 on the tax rate.

Big Rate Jump

The big jump in 1957 is explained in the method of borrowing. Mr. Eaton has assumed that the high school and drainage bond issues will be dated in February, 1956. By so doing, only six-months' interest is due that year and no payment on the principal is required.

In 1957, there will be a full year's interest to pay plus principal payment.

The West school bond issue, he estimates, will begin this fall and the 1956 payment on that issue will include a full year's interest and one principal payment.

Look At 1957

Looking at the projected figures for 1957, we see a payment of \$8550 in interest and \$45,000 on the principal for the drainage bond issue.

We can also see a huge interest payment of \$34,070 on the high school bond issue with a \$93,000 payment on the principal.

A look at the West school bond issue shows interest payments of

\$1200 in 1957 plus a \$20,000 payment on the principal.

Added, these payments total \$201,820 in the year 1957.

With \$22,500 equalling \$1 on the tax rate, we can see a figure of approximately \$8.96 as the tax rate increase that year, and the figure may well be low.

D. A. R. Rummage Sale Is Sept. 23

A rummage sale, sponsored by Priscilla Abbot Chapter, D.A.R. will be held Sept. 23 in the Essex st. store opposite the theatre at a.m.

The first activity of the season the sale will feature all kinds of winter clothing, hats, costumes, jewelry, books, dishes, toys, curtains, rugs and bric-a-brac.

Part of the proceeds will be used towards the support of the Hillside school for boys building project. That school is supported partially by the National society.

Mrs. Arthur Reeves is chairman of the sale, assisted by Mrs. William Trow, Mrs. Walter Damon, Mrs. Thomas Dea, Mrs. Frank Hayes, Mrs. Roland Weeks and Mrs. L. V. O'Connor. Anyone with articles to be given for the sale may contact committee members, the chairman announced.

Fall Meeting

In other D.A.R. activities, it has been announced that Mrs. L. V. O'Connor, regent of the local chapter, and Mrs. Frank Hayes, vice-regent, will be delegates to the state fall meeting in Swampscott Oct. 6 and 7. Mrs. Roland Weeks will act as personal page to Miss Gertrude Carraway, president-general of the society, during the meeting.

The D.A.R. also calls attention to Constitution week, Sept. 17-24, during which time members and other citizens are asked to display the flag each day.

Mrs. John Gilchrist, a member, is a surgical patient at Lowell General hospital. Members have been asked to send her card, since her birthday is Sept. 19.

TOWN MEETING MONDAY NIGHT

(Continued from Page One)

There is debate pro and con as to whether enough men and women will turn out for the hurriedly-called meeting.

Considerable interest has been shown, however, both for and against the proposed appropriation. It has been indicated that some persons directly affected by the Rogers brook and other drainage systems will attend while still others, mindful of climbing taxes, have said they would be present to protect their interests.

Watch Bid Openings

Town officials are keeping a weather-eye on the bid opening tonight at the school superintendent's office, where the fate of the new high school may be decided. There has been some speculation that the estimated \$1,300,000 for construction may be exceeded in the bids - causing the school building committee to ask for additional funds or change the plans for the building.

Mr. Rutter will attend the school bid opening and finance committee member Charles Hatch will be at the opening of bids on Shawsheen Heights drainage at the town hall.

The request for \$305,162 for drainage work breaks down into the following sections:

Rogers brook, bid price, \$236,810.70.

Engineer's fee and contingencies, \$48,189.30.

Stratford rd. and Avon st. area, \$6000.

Allen ct. to Rogers brook, \$6000.

FINAL RED CROSS TOTAL REACHED \$7257.97

The final tally of Red Cross contributions revealed a total of \$7257.97 given by citizens of the community.

That amount was more than 10 times the stated goal of \$615, set by the national Red Cross.

Last week, Chairman Leo Daley received a telegram of congratulations from the national office. It also informed the chapter that some \$10,000,000 has been raised for disaster relief in the flood areas and that no additional money is now needed.

pography, owners, zoning, utilities servicing the site, transportation facilities.

Other information needed in a prospectus to a possible buyer includes data on schools, taxes, labor availability and wage rates.

Mr. O'Malley pointed out that this type of planning, far from being theoretical, is extremely practical and necessary if industrial development is to be a reality.

"It's a case of dig, dig, dig", he asserted.

Recommends Committee

To do this job, he recommended that a small committee be appointed which could work in full cooperation with the planning board and selectmen.

In that respect, the planning board plans to meet with the selectmen Sept. 26 to select names for membership on such a committee.

That the new group will not have to start completely from the beginning was stressed by the Lawrence executive.

Map Available

He showed the board a map of the whole Greater Lawrence area, with both potential and actual industrial sites marked in color. A copy of that map will be presented to the town, he said.

Also available will be negatives, blown up, showing each of the sites in more detail. Prints can be made available to the town development group at a nominal cost, he pointed out.

"Most industrial development is common sense", O'Malley declared.

But there must be certain things available, he stressed, such as a complete prospectus on the sites available.

Need Someone Here

There must also be someone for prospective customers to meet and discuss their problems, he declared. Members of the new industrial group here would fill that need, he explained.

Often, he related, there will be referred calls from the Lawrence office, when a manufacturer thinks he might like to look over other sites in the Greater Lawrence area.

To date, he stressed, there has been no one here to call and no information available to give such a prospective customer.

Take Nothing For Granted

In closing his talk, Mr. O'Malley stressed the importance of not taking anything for granted, as far as prospective business is

Notice:

Effective this week, the price of the Andover TOWNSMAN will be 10¢ per copy.

As in practically every other product today, rising costs of newspaper production, which have continued over a protracted period of time, make this increase an immediate necessity. It is a move which we have deferred as long as possible but higher mechanical, paper, and labor costs no longer permit a 5¢ TOWNSMAN. This is further evidenced by the fact that the majority of good weekly papers all over the country are now selling for 10¢ and have for as long as five years. The alternative would be to reduce the quality of the TOWNSMAN — this, we feel certain, you would not want us to do — this we will not do.

It has been our continuing aim to produce a good newspaper representative of this outstanding Community. Our success in this endeavor is reflected in our increasing circulation (up 13% during the past year) and the high esteem in which our paper is held by the newspaper craft itself. We plan to continue expanding our coverage both in news and photographs, dealing more extensively with Town Government in the Town's present rapid growth phase. We plan to extend our factual reporting of what Andover's people are doing and to mark well the milestones as they pass by in the continuing parade of events. We will play the role of the home-town newspaper fully.

Your continued support of "Andover's Own Newspaper Since 1887" will help us make the TOWNSMAN an even better newspaper in the months and years ahead.

Make a list of your furnishings

Yes, we'll agree it's a dull chore. It's boresome.

But every home owner ought to take time to make an inventory of his household furniture, clothes, books, etc. Now, tonight.

The average home owner guesses only a fraction of the real value of his things. The reason is, he acquired them one at a time over a period of years.

You should KNOW the worth of your possessions and increase your fire insurance on them to cover replacement at today's prices.

Don't guess. Make a list.

Students interested in taking driving lessons signed up at a meeting in the auditorium last Friday. Mr. Owen Hinkley gave a talk about the course.

Over 60 said they were interested. They are being divided into smaller groups and assigned to specific days and hours for their lessons. There will be another group in the second half of the year.

Because of the interest shown, seniors have been given a preference over other students so that all seniors can get the lessons before they graduate.

SCHOOL COMMITTEE

TALKS NEW SCHOOLS

(Continued from Page One)

more new schools, but it was generally felt by members that a new school in Ballardvale will be a necessity soon.

Shawsheen Addition

Mrs. Dorothy Partridge told the committee that she feels the four-room addition should be made to the Shawsheen school.

She reported a number of telephone calls in favor of that move, following publication in the Townsman of an interview expressing her belief that the addition should be undertaken.

Building in that area will continue to be heavy, it was reported by Secretary William Doherty, chairman of the sub-committee. He said one contractor alone has plans for 40 additional houses in Shawsheen Heights.

No decision was taken in regard to the addition, however, after the members discussed the cost of repairing or remodeling the present school.

Member Albert Cole Jr. said Engineer Clinton Goodwin of the planning board will inspect the building for that town-wide planning group. Some indication of costs may be obtained from his report, Mr. Cole suggested.

Planning Needed

There was general agreement

among board members that a lot of work must be done on school planning, in light of the terrific building boom.

Members cited various examples of growth, naming contractors who intend to construct literally hundreds of new homes in all sections of town.

New Map

A map showing the areas from which each school will draw its pupils has been prepared for the board by Mr. Cole. It shows an enlarged area for the Ballardvale school, southerly from Wildwood rd. A new

A new school in Ballardvale would thus draw off some of the surplus from the Central elementary, it was pointed out. The reduction in the number of students in the center of town, however, may not be as great as anticipated. Members pointed out that growth continues in areas ser-

vised by the Central school, thus tending to increase the school population in that building.

Mr. Doherty, during the general discussion, said that many figures are needed, before recommendations can be made for new schools. He indicated that all contractors currently building homes here should be contacted to get estimates on the number of new homes planned for the next few years.

Supt. Edward I. Erickson offered the board, Tuesday night, a set of figures showing enrollment by grades and schools. It shows, in the case of the Bradlee school, two combined-grade rooms with over 30 pupils in each. The fourth and fifth grades and the fifth and sixth grades are those in the combined status, a situation the superintendent termed "bad".

Miss Sullivan Entertained

Mrs. David Manning of Lawrence was hostess at a shower held at her home recently for Miss Marilyn E. Sullivan, daughter of Mr. and Mrs. Andrew M. Sullivan of No. Main st., whose coming marriage to James Edward Baillie, son of Mr. and Mrs. Andrew Baillie of Biddeford, Me., and Andover, will take place Oct. 8, at 4:30 in St. Augustine's church.

Mrs. Manning's home was attractively decorated in pink and blue, which was the color scheme carried through to the large wheelbarrow filled with pink and white gladiolus that formed the centerpiece at the buffet table. Tiny pink parasols served as favors for the 15 guests and blended with the large pink and white parasol-decorated cake.

Miss Sullivan was entertained at another pre-nuptial event in the form of a miscellaneous shower

last Thursday evening at the home of her parents. The hostesses for the shower were Miss Helen Corr and Miss Elinor Silver. The guest of honor opened her many gifts under a large white bell and in her honor the centerpiece for the dining table was a large silver and white bridal ring. Mrs. Andrew Baillie and Mrs. Andrew Sullivan were the pourers at the silver services gracing each end of the table.

Those present at the shower were Mrs. David Manning, Mrs. Richard Healy, Miss Helen Corr, Miss Elinor Silver, Miss Barbara Knapton, Miss Carol Knapton, Mrs. Edward Morse, Mrs. Alice Morse, Miss Chris Cameron, Miss Catherine Valaine, Mrs. William Hearne, Mrs. John Corr, Mrs. Alice Brennan, Miss Gladys Chapman, Miss Marie Connolly, Miss Marion Costello, Mrs. John Trischetta, Mrs. Walter Marrs, Miss

Will there be a quorum at the special town meeting Monday night?

Some folks have expressed some misgivings about calling the meeting now — claiming that the necessary 350 voters will not attend.

That, to us, is foolishness.

For we believe that there are more than 350 voters in this town who are interested in its future.

They will certainly be present to vote on an issue that will mean extra taxes next year and for several years to come.

And we hope they vote wisely — not just vote against anything that will raise taxes higher.

We believe the Rogers brook and Shawsheen Heights drainage systems are necessary — even at the steep costs cited by the board of public works in the article.

They were considered by town meeting in April and adopted. Neither is of any less importance now — in fact, the recent rain storm only served to emphasize the serious problem facing us if the work is not done.

It will cost money to be sure — plenty of money.

But it seems to us that the expenditure of those sums now will be a saving in relation to the cost next year or the year after, when costs most certainly will have gone up some more. Thus, if the job is ever to be done, now is the time to do it.

It does seem, however, that other drainage projects which were voted at town meeting could be held over for a while longer — so that the big tax bite next year won't be altogether out of reason.

Thus, we hope that the voters will accept the portion of the article calling for additional money for Rogers brook and for Shawsheen Heights but let the other, smaller, projects wait until the annual town meeting next March.

Select With Wisdom

The selection of members of the industrial development committee will require great wisdom.

For there are many men, we are sure, who will be glad to serve. Most will be qualified in one way or another.

But if the committee is to be small, so that it can work with efficiency, then only the cream of the crop should be selected.

The selectmen and planning board will meet Sept. 26 to do that job. All members will, no doubt, have several names to suggest.

Two men, King McRury and Robert Watters, have already volunteered and appear to be well-qualified for the work. Mr. Collins, chairman of the selectmen, intimated strongly last week that they will be members of the committee.

Thus, the joint efforts of the two boards will be directed towards the selection of, perhaps, three or four men.

We trust that sufficient patience and thought will be given to those choices. The committee will be so important — so vital to the future of the town — that only the very best should serve.

It is heartening to find that some members of the community, like Mr. McRury and Mr. Watters, feel strongly enough about the situation to volunteer their services.

For indeed, the present problem is rugged. And it is equally good to hear that all members of the board of selectmen and planning board agree that industrial planning and development are necessary within the shortest possible time.

BEGIN FALL MEETINGS

The Philathea class of the Baptist church will resume its meetings at 8 p.m., Friday, Sept. 16.

They will meet in the home of Mrs. Clinton Stevens, 72 Morton st. All members are requested to be present.

"Well, you never can tell about Rogers Brook, hereabouts."

Education Meeting Attended By Several

Several local men and women attended the Massachusetts Education conference last weekend in Amherst.

Among those at the conference were Supt. and Mrs. Edward I. Erickson, Secretary William Doherty of the school committee, Mrs. Harry O. Blaisdell, president of the Punctured P.T.S.A.; Dr. John Masson Kemper, headmaster of Phillips academy; Dr. Claude M. Fuess, former headmaster at the academy; and Very Rev. Vincent A. McQuade, O.S.A., president of Merrimack college.

Worthwhile Meeting

"It was a very worthwhile conference," Mr. Doherty reported this week. He told of many morning, afternoon and evening sessions during the three-day period. Larger groups were broken down into discussion groups, he said, and the opinions of these small groups were recorded and tied in with an over-all report made at the close of the session.

Mrs. Blaisdell Reports

Mrs. Blaisdell, who also serves as chairman of the ways and means committee of the Central P.T.A. and who has four sons in the Andover school system, reported enthusiastically on the meeting.

"It was truly an enriching experience," she stated. "I enjoyed every speech, every discussion meeting, every contact with visiting parents and educators and not for a minute did I feel that I was not alive and important in the shaping of the Massachusetts picture and program of action."

"The role of the Parent-Teacher Association in helping to assume some of the great load of responsibility regarding school problems was constantly emphasized," Mrs. Blaisdell reported.

"Time and again, the necessity for keener, better attitudes on the home front toward the teaching profession, the teachers, individually and their many problems and toward the sound principles on public school education as a whole is striving to meet in today's democracy was felt by us parents," she related.

Down the Years with The Townsman

50 Years Ago — September 1905

A fine new delivery wagon has been received by Postmaster Arthur Bliss for the delivery of mail in rural districts. It is covered with windows at the front and both sides, with entrance being gained from the rear. An oil stove may be carried in it during the winter.

The Andover Natural History society had a field meeting last Saturday at Alderbrook farm. There were several excursions in the afternoon, followed by lunch and a corn roast in the evening.

Edgar L. Holt of Lawrence, former captain of the Phillips academy football team, left today for Wisconsin where he will coach the Wisconsin University team.

Town Clerk Abraham Marland has moved from his residence on Chestnut st. to the Marland home, which he owns, at the corner of Chestnut and Central sts.

The Andover Play School closed Aug. 18 after a successful six-week session. The Andover Guild made the school possible and the school committee allowed use of the Stowe school.

A genuine clambake was held at Thorndale farm Monday afternoon. J. Henry Richardson, owner, entertained many of his employees from Boston, noted horsemen from this area and several local friends.

Frank E. Gleason, Ernest W. Pitman, William N. Pike, and Ovid Chapman went on the annual pilgrimage to New Hampshire resorts with the Bethany Commandry of Lawrence last weekend.

The first through cars on the Boston and Northern railroad were crowded, this week, requiring extra, open cars to take care of the passengers. The trip starts here and goes to Sullivan sq., Charlestown, costing 20 cents.

25 Years Ago — September 1930

Town Clerk George A. Higgins resigned this week after spending more than 25 years in various elective jobs. He has been town clerk since 1911. He will enter the comptrollers office at Phillips academy. Mr. Higgins has, in addition to being town clerk, been treasurer, tax collector and auditor and serves as clerk to the selectmen, assessors and board of public welfare. Several persons have applied to the selectmen for the job, which is appointive for a 60-day period.

Abbot academy opens next week with the first chapel on Thursday. Many repairs have been made during the summer and painting has freshened many of the buildings.

Phillips academy will also open next week on Tuesday, with a capacity enrollment. Examinations will be held Tuesday and Wednesday.

Students will attend from all over this country and from Turkey, France and Honolulu.

Some 1459 students attended opening day in the public schools, with 1099 in the grades and 360 in high school. The Osgood school in West Andover will remain closed this year. The Bradley school will have its seventh grade, however, as 12 students enrolled for it. The school committee had said there would be no seventh grade there unless eight children wanted it.

St. Augustine's school had 301 in attendance on opening day, one of the largest classes in its history.

Firemen fought a brush fire Tuesday afternoon, which burned over three acres of brush off Gould rd.

Andover Lodge I.O.O.F. held its regular lodge meeting Wednesday evening in Fraternal hall.

A whist party will be held Friday evening in Legion hall by the Ladies Auxiliary to the post.

10 Years Ago — September 1945

The Andover Male choir opened its fall and winter activities last Tuesday evening, with a rehearsal in the music room of the junior high school. The first concert will be given in Concord, with J. Everett Collins serving as director.

The annual Grange fair will be held next Thursday and Friday nights in West church. There will be a pressed corned beef supper Thursday night at 6:30.

Donald D. Dunn, a Lt. Commander in the Navy, has informed the school committee that he will return between Sept. 15 and Oct. 15 to take up his duties as physical training instructor in the public schools.

Abbot academy will begin its 117th year Tuesday, with a peak enrollment of girls from all over the country. For the first time, four local girls will attend.

The Rev. Leslie J. Adkins of the Second Congregational church in Beverly has been called by the West Parish church. Mr. Adkins was formerly a missionary in Turkey and Syria and is a native of England.

The Andover Salvage committee has announced the termination of its activities with a paper drive this Sunday, rain or shine.

Police had a wandering child on their hands last Friday evening. A youngster climbed aboard the train in Charlestown "to take a ride" and was put off here. The station master called police, who called the lad's mother to come and get him.

The Rev. Elton Smith has resigned as pastor of the Baptist church to accept the pastorate of an Oregon church. He had been here for five years.

an area.

White Will Attend

Also present will be Sidney P. White, chairman of the board of public works, who will describe his board's activities in solving the sewage problem.

Bart Smalley, chairman of the Ballardvale Community associa-

tion, will preside, with Mrs. Wendell Hopkins introducing the state engineer.

Mrs. Hopkins said this week that the board of health will also be invited to attend the meeting.

Agreed On Meeting

The meeting grew out of a discussion between Mrs. Hopkins and the board of health over the alleged pollution of Clark brook and an appeal to homeowners in the Vale to connect their plumbing to the sewer.

Mrs. Hopkins agreed, at a meeting with the health board, that educational means should be tried in an effort to get homeowners in Ballardvale to connect to the sewer.

*We are asking the Massachusetts
Department of Public Utilities for an increase
in rates for natural gas. Under the new
schedules the average increase to the customer
will be modest — less than two cents a day.*

we need a raise too!

We certainly don't like to ask for a gas rate adjustment even though we have had only one rate increase in the last 15 years. To us, it means admitting we are losing our battle against rising costs. And who likes admitting defeat, especially when you are trying so hard to win?

Perhaps you recall that we lowered rates when natural gas arrived. Being optimists, we did it in spite of the fact our costs were still rising at that time. We had hoped our costs of operating would level off. And that we could find new ways to save money, too. We did find ways to save — many of them — but costs beyond our control kept going up and up. Let us show you.

We don't own both ends of the pipe

Much as we would like to, we don't set the price of gas back in Texas. An increase in price went into effect last December which we couldn't do anything about. Since then, we have been absorbing this extra cost. But now, we have reached the point where we can no longer do it.

We're paying our people more

Just as you have had raises to keep up with the cost of living over these inflationary years, so have our employees. Our general wage level has risen 24 per cent since 1951.

You know the tax picture

Your taxes have gone up and so have ours. For the 12 months ending in June, ours amounted to nearly a quarter of a million dollars. Just another rising item which one cannot do much about these days.

There are many other expenses we have been unable to hold in line. Higher costs for customer servicing, equipment maintenance, meter repairs and pipe installation work, to name a few. But the ones we have discussed are the major problems.

Some bright spots

There are two reasons the amount we are requesting from the Department of Public Utilities isn't larger than it is. First, through economies of the last three years, we have been able to cut some of our costs and are operating even more efficiently. The second reason we are able to hold down the size of this request is because of our customers themselves. With more and more people using natural gas and gas appliances, our sales are showing a healthy improvement. And as you know, in the long run the more gas we sell, the more economically we can sell it. We are actually asking for less than we need because we expect our sales to continue to grow and make up the difference.

Baptist Church Dedicatory Services Will Be Held This Sunday Morning

This new Colonial worship center at the Baptist church will be dedicated Sunday, as will the new pulpit, right and the new lectern, left.

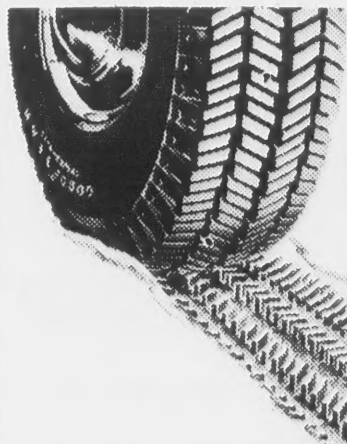

The new colonial worship center at the Baptist church will be dedicated Sunday morning. Last week, a special service dedicated an altar communion table in memory of Mrs. Nellie E. Thompson by her husband, Thomas A. Thompson; the brass cross, in memory of Barbara Smith by Mr. and Mrs. Arthur W. Smith; Jacquelyn and Wayne; and the Communion set in memory of Deacon C. W. Norton by members of his family.

At services Sunday, the colonial pulpit will be dedicated in memory of Mrs. Harry L. Barrett; colonial lectern in memory of Stephen J. O'Connor by his wife, Mrs. Charlotte A. O'Connor; the Holy Bible in honor of Mrs. Charles E. Shattuck, presented by Mr. and Mrs. Charles A. Shattuck; the Bible ribbon marker in memory of Charles W. Goff, by his wife, Mrs. Antonia H. Goff and the new platform rug, a gift of Mr. and Mrs. Arthur B. Newman.

Further dedicatory services will be held through Sunday, Oct. 2.

Will Open New High School Bids Tonight

Bids on the new high school will be opened tonight.

The school building committee will meet at 7:30 in the office of Supt. Edward I. Erickson, secretary of the committee. Bids will be opened at that time.

The number of bids, however, could not be determined earlier in the week. They were being returned to the Boston architects, Rich and Tucker, who were chosen by the committee to handle the project.

It was understood, however, that there had been fewer bids received than had been anticipated by the architects.

The call for bids went out Aug. 24 and it has been understood that work should begin on the building construction within a short time after tonight's meeting.

As the committee waited for tonight's important meeting, work continued at the Shawsheen rd. site, where grading and landscaping have been going forward. Clerk of the Works Edward P. Hall was

been overseeing the preliminary work and will continue to represent the town when actual construction begins.

Gordon L. Colquhoun is chairman of the building committee. Members include Mr. Erickson,

Pike School Opened Sept. 14

Pike school opened yesterday, with an enrollment of 160.

Additions to the faculty this year include Mrs. Barbara Holland, Chestnut st., for the nursing school; Miss Eva Marie Grenier, Hidden rd., teacher of French; Mrs. Angela Rossotto of Methuen, music teacher and Miss Anna R. Rapisardi of Lawrence, sixth grade and assist with the sports program.
